EXPERIENCE

Douce France, Redwood City — *Assistant Baker*

June 2018 - July 2019

Proofing, egg-washing, baking, decorating/glazing, and boxing various pastries.

Aperi (From home, remotely) — *Web Development Intern*

August 2015 - November 2015

Used Javascript with a ReSTful API to make a prototype web page for basic interaction between a client and Aperi micro-servers.

Xilinx, San Jose — *Quality Department Tools Intern*

August 2014 - October 2014

Investigated various Javascript chart and graph libraries to recommend which one could best be used for a particular task.

EDUCATION

University of California, Santa Cruz — *Non-Complete* BSCS *Game Design*

MONTH 20XX - MONTH 20XX

About 3 years of college credit, including Abstract Data Types, Intro to Multivariable Calculus, Linear Algebra, Game Design and Development courses, as well as 3D modeling and animation electives

Sequoia High School, Redwood City, California — *ICAP Program Diploma*

September 2009 - June 2013

I was given an award for creative thinking in my Calculus class, took a Java elective, and did two years of physics
